Vanessa Hurst, proprietor of Healing Willow, has used natural health techniques in her practice since 1995. Having earned her master's degree in Natural Health in August 2006, Vanessa is a PhD candidate at Clayton College of Natural Healing.

Vanessa recognizes and celebrates the innate intuitive abilities present in each person and encourages her students to call forth their intuition by honing their awareness of the everyday.

She touches the lives of her clients by combining her intuition with Reiki, Quantum Healing, and Healing Touch techniques. Vanessa works with each client to develop a personalized plan that balances the whole person through energy healing and lifestyle changes.

What her students say:

Vanessa was lovely, open and informed. Presented the material in an understandable way.

Vanessa, you have enlightened me and I want to continue this journey
